Chapter 1 by Wonder Story - In College

"Hurry up!" Celeste yelled to the others.

"We're trying!" Jake yelled back.

"We're almost there, It's not closed yet!" Stella added.

With 5 more seconds to spare the 5 kids sailed through the portal before it closed and remained closed for another month.

"Whew, we made it." Goldie let out some heavy breaths.

"Let's land, we can continue later," Celeste said, "The easy part is over."

The group descended and turned off their flying shoes. These kids: 1 royal, 2 commoners and 1 magician were on a mission. 5 jewels were stolen from the King's Royal Staff. They kept everything in the kingdom in order and without them, the kingdom had begun to fall apart. The kids: Celeste, Stella, Jake, Goldie, and Volton.

Living in Listworld was amazing, but it was not as amazing as having awesome friends going on a grande adventure together.

The kids: Stella (commoner), Jake (commoner), Goldie (royal), Volton (magician, obviously), and Celeste... wait. Celeste. One, two, three, four. Four kids: 1 royal, 2 commoners and 1 magician. What the hell was Celeste, then? Number five? Unlisted. We will come back to this point later.

"The easy part is over," repeated Celeste. "You should put on your cup guards now."

The others were all boys. Jake, Goldie, Volton, and even Stella. Stella's parents had a strange sense of humor and had been high on tardweed when Stella's mother had given birth and named him. And so it was.

The four donned their cup guards as instructed.

"Now that we have safeguarded OUR jewels, we can search freely for the Kingdom Jewels of Listworld(tm)," said Boris.

Now who was Boris?

Boris was Jake's alter ego. More of that anon. It will be essential to the story, truthfully.

"Agreed," said Volton. "And I have packed with me some mighty strong spells. As I understand it, this realm is brimming with danger (as well as delights) and I will be sure to make mineself useful through various arcane arts and such."

Goldie was simply whimpering. "My father is so distraught over the jewels being missing from Listworld!" he hissed.

Meanwhile, Stella was unfurling a large map, scrawled upon what looked to be the dried skin of a walrus. "Upon this walrus-skin I have a map of the land. In order to find the 5 Kingdom Jewels(tm) we must first traverse the Boggy Bogs(tm) and then scale the Most Perilous Cliffs(tm). We then wilt need to sneak past the One-Eyed Giant Wearing Smelly Knickers(tm) and somehow open the Inhumane Door(tm). Once inside, it is the Baker's Dozen of Insatiable Rats(tm) we must face, and then to swim the Narrow Channel of Unmentionable Liquids(tm)

before we face the Throne of Greasy Oldens(tm).

"Well fuck!" said Volton. "Let's do it!"
